Designer Art by Elizabeth

Looking for the perfect piece of art to complement the designs of your apartment, house or office?

I would like to introduce DESIGNER ART. This is a new concept I have successfully employed with private clients and interior designers.

Working closely together with my clients, I am commissioned to create a specific abstract piece of art which is designed by colour, shape and size to fit in a specific location as part of the overall interior design and will be entirely unique for you.

To achieve this, I will visit the location and take measurements and work with colour samples on a painting chosen by you from a wide variety of abstract designs from my work.

My works are primarily large abstracts, diptychs and triptychs, infused with colour and texture. They are displayed at numerous locations throughout Calgary.

Please feel free to contact me for more information or to arrange a meeting. You can see some of my works for DESIGNER ARTS on my web site

www.artviewconsulting.ca under ABSTRACTS.
